Based on the responses I received from members of the Board of Trustees, I am giving Barb Kingsley the authority to sign the agreement from Innovation Refunds for the Employee Retention Payroll Tax Rebate. As noted in the earlier email responses, Paul Kingsley, Dick Wallace, and Geoff Furman all voted yes to accept the agreement and have Barb Kingsley sign it, and I also vote yes, after talking to Barb and researching both Innovation Refunds and the ERC program offered by the IRS. I spoke with Rob Gruschow at church and he expressed several reservations about the issue, and so he asked me to mark him as voting no on the issue.

As the majority of those responding to the matter voted yes, Barb Kingsley can sign the agreement.
